**Appeal Process:**

- 1.) Appellant notifies the Property Tax Division of intent to appeal.
- 2.) Submit this form and all applicable documentation to propertytax@nd.gov by the date specified above.
- 3.) The State Board of Equalization meets on the second Tuesday in August to examine and compare the returns of the assessment of taxable property as submitted by North Dakota counties. This is locally assessed property. The board equalizes the property so that all assessments of similar

taxable property are uniform and equal throughout the state. During this meeting, tax directors or other representatives from a county will speak, along with city representatives, and individual taxpayers.

- 4.) After the State Board meeting, your case will be assigned, and staff will reach out to schedule an onsite review of the property (when deemed applicable). While an interior inspection of the property is not required, interior reviews may affect the consideration of value. If denied an interior review, we will assess from the exterior only. Staff will not be allowed to enter the property without the owner or a representative present.
- 5.) Generally, by the first Thursday of October, the property tax division staff will present their findings to the State Board of Equalization with a recommendation. The board deliberates and votes. You can attend this meeting; however, public comments are not accepted.

RE: Appraisal of: Oxford Apartments

Fargo, Cass County, North Dakota 58104  
CBRE, Inc. File No. 21-164MW-3613-4  
Client Reference No.: File ID: 210415029

Dear Mr. Streiff:

At your request and authorization, CBRE, Inc. has prepared an appraisal of the market value of the referenced property. Our analysis is presented in the following Appraisal Report.

The subject is a 144-unit multi-family garden property located at 3301 32nd Street SW in Fargo, North Dakota. The property consists of six, three-story apartment buildings and 13 detached garage buildings. The improvements were constructed in 1994 and are situated on a 7.23-acre site. The improvements were 99.3% leased as of the date of the rent roll (as of March 2021) and are considered to be stabilized.

Given the current climate with regards to the recent COVID-19 outbreak, the appraisers have not inspected the interior of the subject property and have relied on owner provided photos. The lack of an interior inspection is not considered to impact the credibility of the assignment results. Harry Johnson completed an exterior inspection of the subject property on the date of value.

Based on the analysis contained in the following report, the market value of the subject is concluded as follows:

<b>MARKET VALUE CONCLUSION</b>			
<b>Appraisal Premise</b>	<b>Interest Appraised</b>	<b>Date of Value</b>	<b>Value Conclusion</b>
As Is	Fee Simple Estate	May 7, 2021	\$10,050,000
Compiled by CBRE			

The report, in its entirety, including all assumptions and limiting conditions, is an integral part of, and inseparable from, this letter.

*As of the date of value and the date of this report, the nation, region, and market area are impacted by the COVID-19 pandemic. This could have a prolonged effect on macroeconomic conditions, though at this time the length of duration is unknown. The perceived impact on real estate varies on several factors including asset class, use, tenancy, and location. Our analysis considers available information as of the effective date.*

The following appraisal sets forth the most pertinent data gathered, the techniques employed, and the reasoning leading to the opinion of value. The analyses, opinions and conclusions were developed based on, and this report has been prepared in conformance with, the guidelines and recommendations set forth in the Uniform Standards of Professional Appraisal Practice (USPAP), and the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute. It also conforms to Title XI Regulations and the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) updated in 1994 and further updated by the Interagency Appraisal and Evaluation Guidelines promulgated in 2010.

The intended use and user of our report are specifically identified in our report as agreed upon in our contract for services and/or reliance language found in the report. As a condition to being granted the status of an intended user, any intended user who has not entered into a written agreement with CBRE in connection with its use of our report agrees to be bound by the terms and conditions of the agreement between CBRE and the client who ordered the report. No other use or user of the report is permitted by any other party for any other purpose. Dissemination of this report by any party to any non-intended users does not extend reliance to any such party, and CBRE will not be responsible for any unauthorized use of or reliance upon the report, its conclusions or contents (or any portion thereof).

It has been a pleasure to assist you in this assignment. If you have any questions concerning the analysis, or if CBRE can be of further service, please contact us.

Respectfully submitted,

### **IMPORTANT WARNING - MARKET UNCERTAINTY FROM NOVEL CORONAVIRUS**

The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organization as a Global Pandemic on the 11th March 2020, is causing heightened uncertainty in both local and global market conditions. Global financial markets have seen steep declines since late February largely on the back of the pandemic over concerns of trade disruptions and falling demand.

The effect COVID-19 will have on the real estate market in the region is currently unknown and will largely depend on both the scale and longevity of the pandemic. A prolonged pandemic could have a significant (and yet unknown or quantifiable) impact on other sectors of the property market.

Comparable transactions and market evidence since the pandemic are limited. Our valuation is based on the information available to us at the date of valuation. Whilst we have taken all reasonable steps to estimate the effect on the property, due to the significant uncertainty in property and capital markets and the rapid unfolding of these events it is difficult to quantify and assess the impact that the pandemic has had on capital values, if any.

### **STRENGTHS, WEAKNESSES, OPPORTUNITIES AND THREATS (SWOT)**

#### **Strengths/ Opportunities**

- The subject has been adequately maintained.
- The subject is built with conventional finishes.
- All units have a patio/balcony and the property features detached garage parking
- The subject is currently 99.3% occupied with strong historical operating levels.

#### **Weaknesses/ Threats**

- The subject is an older, Class C garden apartment.
- The local market has minimal barriers to entry for new product.

- The subject lacks any significant community amenities outside of its detached parking.
- Increased uncertainty and risk associated with COVID-19. Most participants anticipate with the greatest impact felt in the next 3-9 months.

### **EXTRAORDINARY ASSUMPTIONS**

An extraordinary assumption is defined as “an assignment-specific assumption as of the effective date regarding uncertain information used in an analysis which, if found to be false, could alter the appraiser’s opinions or conclusions.” <sup>1</sup>

- CBRE did not conduct an interior inspection for this assignment. Therefore, we have relied upon owner provided interior photos of the subject. It is assumed that the improvements are in similar condition as illustrated in the photos.
- CBRE requested a physical condition report and environmental study. Our appraisal assumes that the subject does not suffer from any deferred maintenance or site contamination. The presence of deferred maintenance or site contamination would alter the results reported herein.
- The use of these extraordinary assumptions may have affected the assignment results.

### **HYPOTHETICAL CONDITIONS**

A hypothetical condition is defined as “a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results but is used for the purposes of analysis.” <sup>2</sup>

- None noted

Contract Date:	Feb 24, 2021
Arm's Length:	Yes
At / Above / Below Market:	At Market
Comments:	Arm's length transaction of 5 apartment communities in Fargo.
Compiled by CBRE	

CBRE is unaware of any arm's length ownership transfers of the property within three years of the date of appraisal. Details on the current owner's acquisition of the subject were requested but were unavailable.

According to a Purchase and Sale Agreement provided to CBRE, the subject property is currently under contract to be purchased by Sterling Properties, LLLP for \$9,936,897, or \$69,006 per unit. We are unaware of any additional ownership transfers of the property in the last three years. The subject is part of a 5 property, 576-unit portfolio which is transferring between the buyer and seller. Discussions with the buyer indicate that no discount was received given the multiple property acquisition.

At this point it is necessary to reconcile between the contracted purchase price of \$9,936,897 and our "as is" market value conclusion of \$10,050,000. The variance is relatively minimal and considered reasonable.

## EXPOSURE/MARKETING TIME

Current appraisal guidelines require an estimate of a reasonable time period in which the subject could be brought to market and sold. This reasonable time frame can either be examined historically or prospectively. In a historical analysis, this is referred to as exposure time. Exposure time always precedes the date of value, with the underlying premise being the time a property would have been on the market prior to the date of value, such that it would sell at its appraised

value as of the date of value. On a prospective basis, the term marketing time is most often used. The exposure/marketing time is a function of price, time, and use. It is not an isolated estimate of time alone. In consideration of these factors, we have analyzed the following:

- exposure periods for comparable sales used in this appraisal;
- exposure/marketing time information from the CBRE, Inc. National Investor Survey and the PwC Real Estate Investor Survey; and
- the opinions of market participants.

Our valuation is predicated on a buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. The COVID-19 pandemic has resulted in logistical constraints on property transactions such as inability to travel for due diligence/tours and closing of municipal agencies for closing/recording sale transactions. In addition, some buyers and sellers have paused or postponed transacting amid the pandemic. As of the effective date of this appraisal, this has extended the reasonable time period in which the subject could be brought to market and sold. In light of the COVID-19 pandemic and prevailing market conditions, we would anticipate a longer marketing period relative to the exposure period. The following table presents information derived from various sources and our conclusion.

## Scope of Work

This Appraisal Report is intended to comply with the reporting requirements set forth under Standards Rule 2 of USPAP. The scope of the assignment relates to the extent and manner in which research is conducted, data is gathered, and analysis is applied.

### INTENDED USE OF REPORT

This appraisal is to be used for financing and no other use is permitted.

### CLIENT

The client is Bremer Bank N.A.

### INTENDED USER OF REPORT

This appraisal is to be used by Bremer Bank. No other user(s) may rely on our report unless as specifically indicated in this report.

Intended Users - the intended user is the person (or entity) who the appraiser intends will use the results of the appraisal. The client may provide the appraiser with information about other potential users of the appraisal, but the appraiser ultimately determines who the appropriate users are given the appraisal problem to be solved. Identifying the intended users is necessary so that the appraiser can report the opinions and conclusions developed in the appraisal in a manner that is clear and understandable to the intended users. Parties who receive or might receive a copy of the appraisal are not necessarily intended users. The appraiser's responsibility is to the intended users identified in the report, not to all readers of the appraisal report.<sup>3</sup>

### PURPOSE OF THE APPRAISAL

The purpose of this appraisal is to estimate the market value of the subject property.

### DEFINITION OF VALUE

The current economic definition of market value agreed upon by agencies that regulate federal financial institutions in the U.S. (and used herein) is as follows:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;

---

Appraisal Institute, The Appraisal of Real Estate, 14th ed. (Chicago: Appraisal Institute, 2013), 50.

2. both parties are well informed or well advised, and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. <sup>4</sup>

## INTEREST APPRAISED

The value estimated represents the Fee Simple Estate as defined below:

*Fee Simple Estate* - Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power and escheat. <sup>5</sup>

## Extent to Which the Property is Identified

The property is identified through the following sources:

- postal address
- assessor's records
- legal description

## Extent to Which the Property is Inspected

Given the current climate with regards to the recent COVID-19 outbreak, the appraisers have not inspected the interior of the subject property and have relied on owner provided photos. The lack of an interior inspection is not considered to impact the credibility of the assignment results. Harry Johnson completed an exterior inspection of the subject property on the date of value.

## Type and Extent of the Data Researched

CBRE reviewed the following:

- applicable tax data
- zoning requirements
- flood zone status
- demographics
- income and expense data
- comparable data

## Type and Extent of Analysis Applied

CBRE, Inc. analyzed the data gathered through the use of appropriate and accepted appraisal methodology to arrive at a probable value indication via each applicable approach to value. The steps required to complete each approach are discussed in the methodology section.

## APPRAISAL METHODOLOGY

In appraisal practice, an approach to value is included or omitted based on its applicability to the property type being valued and the quality and quantity of information available.

### Cost Approach

The cost approach is based on the proposition that the informed purchaser would pay no more for the subject than the cost to produce a substitute property with equivalent utility. This approach is particularly applicable when the property being appraised involves relatively new improvements that represent the highest and best use of the land, or when it is improved with relatively unique or specialized improvements for which there exist few sales or leases of comparable properties.

### Sales Comparison Approach

The sales comparison approach utilizes sales of comparable properties, adjusted for differences, to indicate a value for the subject. Valuation is typically accomplished using physical units of comparison such as price per square foot, price per unit, price per floor, etc., or economic units of comparison such as gross rent multiplier. Adjustments are applied to the physical units of comparison derived from the comparable sale. The unit of comparison chosen for the subject is then used to yield a total value. Economic units of comparison are not adjusted, but rather analyzed as to relevant differences, with the final estimate derived based on the general comparisons.

### Income Capitalization Approach

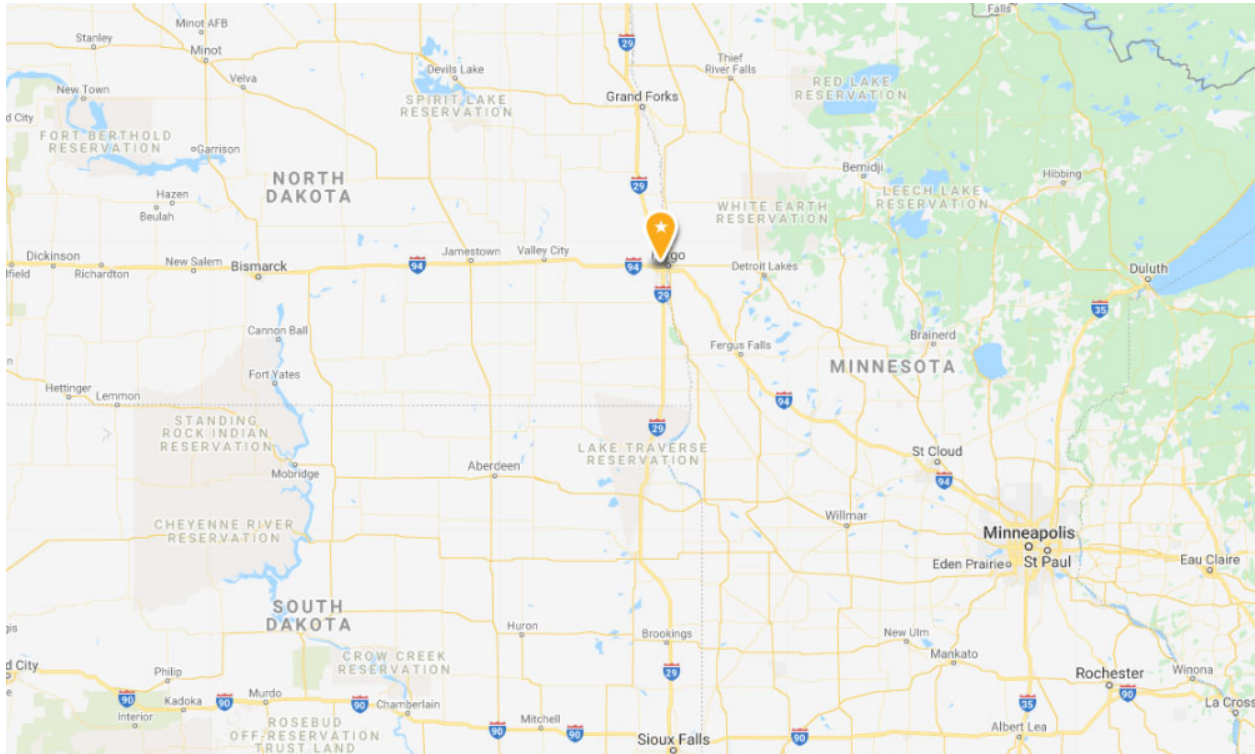

The income capitalization approach reflects the subject's income-producing capabilities. This approach is based on the assumption that value is created by the expectation of benefits to be derived in the future. Specifically estimated is the amount an investor would be willing to pay to receive an income stream plus reversion value from a property over a period of time. The two

common valuation techniques associated with the income capitalization approach are direct capitalization and the discounted cash flow (DCF) analysis.

**Methodology Applicable to the Subject**

In valuing the subject, only the sales comparison and income capitalization approaches are applicable and have been used. The cost approach is not applicable in the estimation of market value due to the age of the improvements and depreciation present. The exclusion of said approach(s) is not considered to compromise the credibility of the results rendered herein.

## Area Analysis

The subject is located in the Fargo, ND-MN Metropolitan Statistical Area. Key information about the area is provided in the following tables.

**GROWTH PATTERNS**

Growth within southeast Fargo has been guided by both transportation and natural boundaries. Interstate 94 and Interstate 29 intersect to the northwest of the subject. To the east is the Red River, which also serves as the state boundary between North Dakota and Minnesota. Generally speaking the neighborhood is organized in a grid-like pattern of commercial avenues and residential collector streets. Aside from 32<sup>nd</sup> Avenue being a prominent thoroughfare, 25<sup>th</sup> Street and University Drive are both heavily traveled. In future years, as has been the case during the last several years, growth is anticipated to continue in the south and southwestern directions. Particularly to the west of the subject’s neighborhood, in West Fargo, growth has been notable in recent years.

**ACCESS**

Primary access to the subject neighborhood is provided by 32<sup>nd</sup> Avenue South and Interstate 29. Interstate Highway 29, at the subject neighborhood, is a north-south freeway, composed of eight lanes of traffic. It connects the Fargo-Moorhead MSA with Grand Forks, ND and Canada to the north, and Sioux Falls, SD, Omaha, NE, and Kansas, MO, where it terminates in the south. Interstate Highway 94, at the subject neighborhood, is an east-west freeway, composed of six lanes of traffic. It connects the Fargo-Moorhead MSA with the Minneapolis-St. Paul, MN, Milwaukee, WI, and Chicago, IL to the southeast, and Bismarck, ND and Billings, MT to the west.

**DEMOGRAPHICS**

Selected neighborhood demographics in 1-, 3- and 5-mile radius from the subject are shown in the following table:

**CONCLUSION**

The neighborhood appears to be in a stage of stability, with few vacant land parcels available for development. Within the 3-mile radius, which is considered to be the trade area for the subject, the demographics exhibit steady, upward population growth, and a middle-income economic cohort. Access to the neighborhood is considered good, with nearby interchanges to Interstate Highway 29 and 94.

The subject is a multi-family development, garden style apartment complex in an area of substantiated demand within Fargo. It is provided good access to Interstate 29/94 and conforms well to the surrounding neighborhood.

### INGRESS/EGRESS

Ingress and egress is available to the site via six curb cuts along the western side of 32 Street South.

### EASEMENTS AND ENCROACHMENTS

There are no known easements or encroachments impacting the site that are considered to affect the marketability or highest and best use. It is recommended that the client/reader obtain a current title policy outlining all easements and encroachments on the property, if any, prior to making a business decision.

## **COVENANTS, CONDITIONS AND RESTRICTIONS**

There are no known covenants, conditions or restrictions impacting the site that are considered to affect the marketability or highest and best use. It is recommended that the client/reader obtain a copy of the current covenants, conditions and restrictions, if any, prior to making a business decision.

## **ENVIRONMENTAL ISSUES**

Although CBRE was not provided an Environmental Site Assessment (ESA), a tour of the site did not reveal any obvious issues regarding environmental contamination or adverse conditions.

The appraiser is not qualified to detect the existence of potentially hazardous material or underground storage tanks which may be present on or near the site. The existence of hazardous materials or underground storage tanks may affect the value of the property. For this appraisal, CBRE, Inc. has specifically assumed that the property is not affected by any hazardous materials that may be present on or near the property.

## **ADJACENT PROPERTIES**

The adjacent land uses are summarized as follows:

- North: Self Storage
- South: SFR & Multifamily
- East: SFR & Multifamily
- West: SFR & Multifamily

## **CONCLUSION**

The site offers a suitable location for the existing multifamily use. No issues were observed that would impact the site's highest and best use potential.

### YEAR BUILT

The subject was built in 1994.

### CONSTRUCTION CLASS

Building construction class is as follows:

D - Wood frame, floor and structure; considered combustible

The construction components are assumed to be in working condition and adequate for the building.

The overall quality of the facility is considered to be average for the neighborhood and age. However, CBRE, Inc. is not qualified to determine structural integrity and it is recommended that the client/reader retain the services of a qualified, independent engineer or contractor to determine the structural integrity of the improvements prior to making a business decision.

## **FOUNDATION/FLOOR STRUCTURE**

The foundation is assumed to be of adequate load-bearing capacity to support the improvements. The floor structure is summarized as follows:

Ground Floor:	Concrete slab on compacted fill
Other Floors:	Plywood deck with light-weight concrete cover

## **EXTERIOR WALLS**

The exterior walls are wood frame with brick and metal siding. The buildings have double pane aluminum frame windows.

## **ROOF COVER**

All buildings have pitched roofs with a built-up composition shingle covering.

## **ELEVATOR/STAIR SYSTEM**

Interior stairwells are located at each end of the apartment buildings.

## **HVAC**

The HVAC system is assumed to be in good working order and adequate for the building.

## **UTILITIES**

Each unit is individually metered for electrical usage. Current operations indicate the landlord is responsible for water and sewer costs to the individual units with the tenants paying all other utility costs.

## **LIFE SAFETY AND FIRE PROTECTION**

It is assumed the improvements have adequate fire alarm systems, fire exits, fire extinguishers, fire escapes and/or other fire protection measures to meet local fire marshal requirements. CBRE, Inc. is not qualified to determine adequate levels of safety & fire protection, whereby it is recommended that the client/reader review available permits, etc. prior to making a business decision.

## **PROJECT AMENITIES**

The subject features detached garages and a common laundry room.

## **UNIT AMENITIES**

### **Kitchens**

Each unit features a full appliance package including an electric range/oven, vent-hood, refrigerator, and dishwasher. Additionally, each unit features wood cabinets with Formica countertops and vinyl tile flooring in the kitchen area. According to management, the project has experienced an adequate on-going replacement program for all kitchen appliances and no appliances are known to be inoperable.

### **Bathrooms**

The bathrooms within each unit feature combination tub/showers with ceramic tile wainscot. Additionally, each bathroom features a commode, wood cabinet with Formica counter and built-in porcelain sink, wall-mounted medicine cabinet with vanity mirror and vinyl tile flooring.

### **Interior Lighting**

Each unit features incandescent lighting in appropriate interior and exterior locations with fluorescent lighting in bathrooms and kitchen areas.

### **Patios, Balconies and Storage**

All units include a private patio or balcony area.

## **SITE AMENITIES**

### **Parking and Drives**

The project features adequate surface parking, including reserved handicap spaces. The subject features 150 surface stalls and 252 total garage stalls (single & double stall garages present)

### **Landscaping**

Landscaping is considered to be in average condition and well maintained.

## **FUNCTIONAL UTILITY**

All of the floor plans are considered to feature functional layouts and the layout of the overall project is considered functional in utility. Therefore, the unit mix is also functional, and no conversion is warranted to the existing improvements.

## **ADA COMPLIANCE**

The client/reader's attention is directed to the specific limiting conditions regarding ADA compliance.

## **FURNITURE, FIXTURES AND EQUIPMENT**

FF&E items included at the subject are similar to those contained in the comparable sales and do not have any significant or measurable impact on the overall value conclusion. The unit appliances are considered to be fully depreciated.

## ENVIRONMENTAL ISSUES

Although CBRE was not provided an Environmental Site Assessment (ESA), a tour of the site did not reveal any obvious issues regarding environmental contamination or adverse conditions.

The appraiser is not qualified to detect the existence of potentially hazardous material or underground storage tanks which may be present on or near the site. The existence of hazardous materials or underground storage tanks may affect the value of the property. For this appraisal, CBRE, Inc. has specifically assumed that the property is not affected by any hazardous materials that may be present on or near the property.

## DEFERRED MAINTENANCE

None noted. The reader is advised to review the extraordinary assumptions.

## ECONOMIC AGE AND LIFE

CBRE, Inc.'s estimate of the subject improvements effective age and remaining economic life is depicted in the following chart:

<b>ECONOMIC AGE AND LIFE</b>	
Actual Age	27 Years
Effective Age	30 Years
MVS Expected Life	55 Years
Remaining Economic Life	25 Years
Accrued Physical Incurable Depreciation	54.5%
Compiled by CBRE	

The remaining economic life is based upon our on-site observations and a comparative analysis of typical life expectancies as published by Marshall and Swift, LLC, in the Marshall Valuation Service cost guide. While CBRE, Inc. did not observe anything to suggest a different economic life, a capital improvement program could extend the life expectancy.

## CONCLUSION

The improvements are in average overall condition. Overall, there are no known factors that adversely impact the marketability of the improvements.

## Zoning

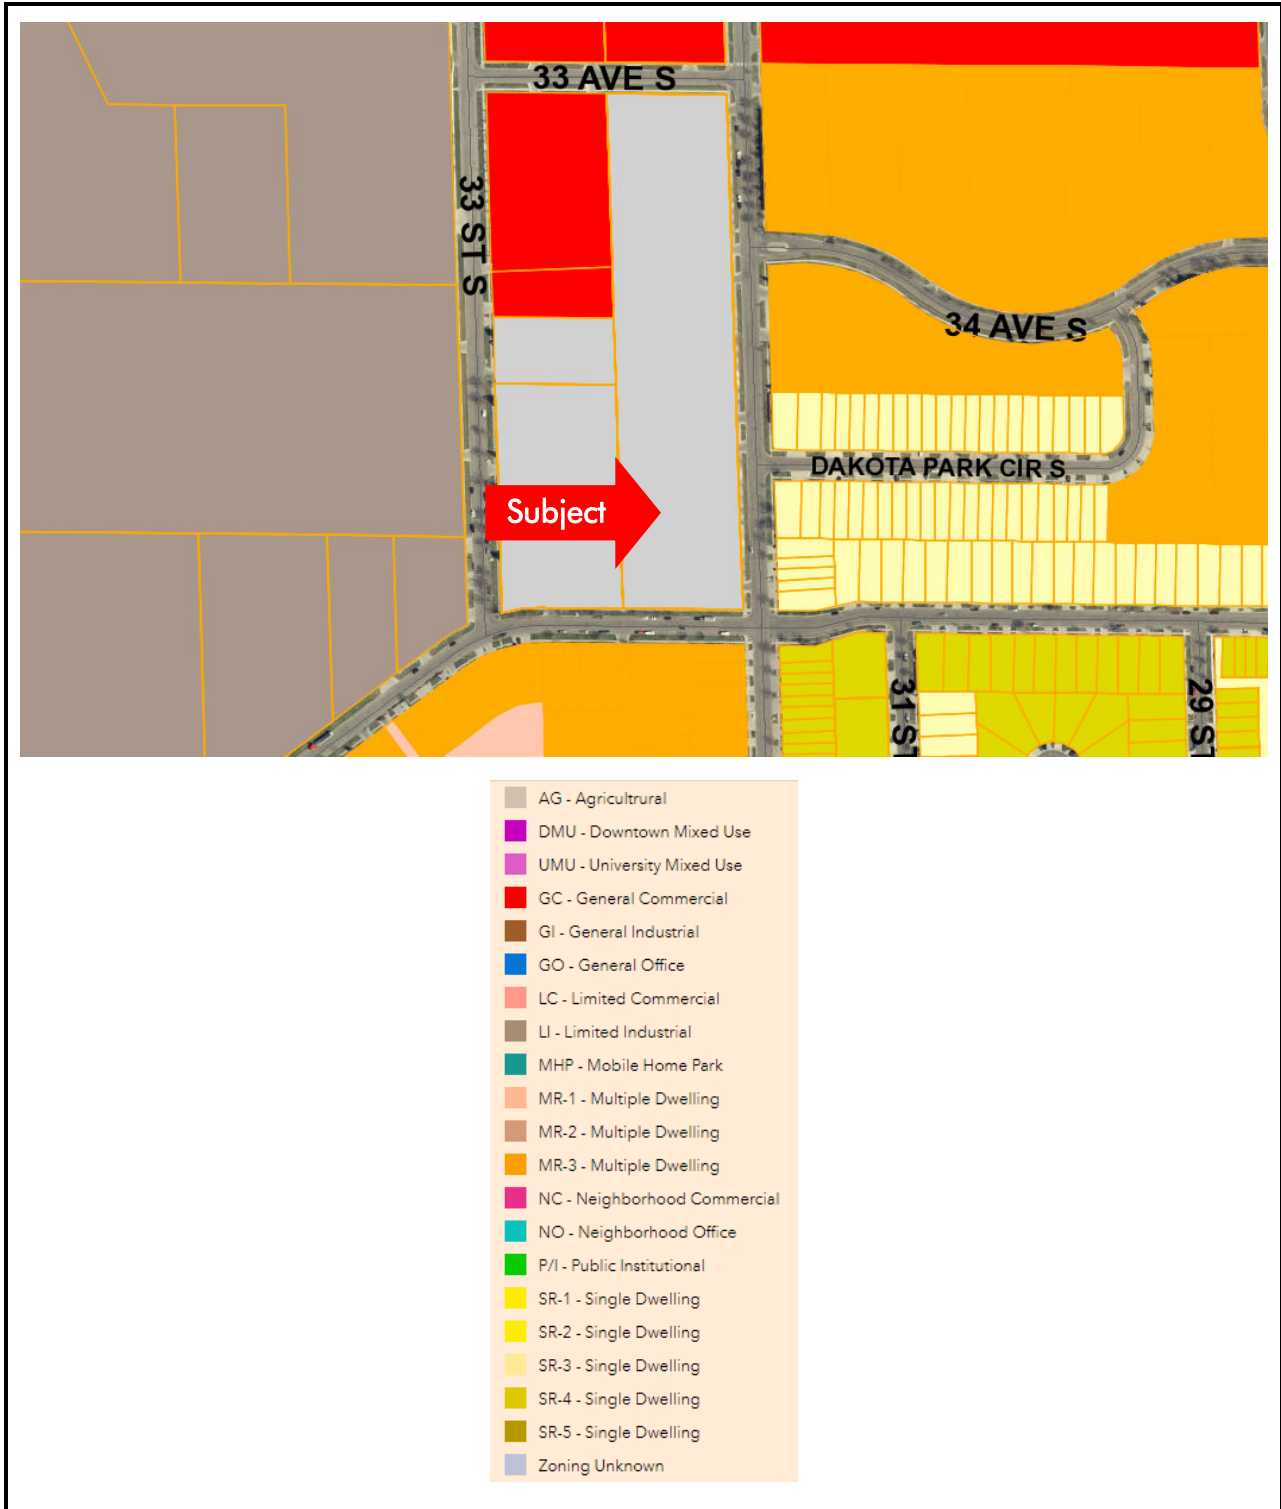

The following chart summarizes the subject's zoning requirements.

<b>ZONING SUMMARY</b>	
Current Zoning	AG - Agricultural
Legally Conforming	Yes
Uses Permitted	The AG, Agricultural district is intended to accommodate agricultural land uses and provide an interim zoning classification for lands pending a determination of an appropriate permanent zoning designation.
Zoning Change	Not likely
<b>Category</b>	<b>Zoning Requirement</b>
Minimum Lot Size	10 Sq. Ft.
Minimum Lot Width	200 Feet
Maximum Height	90 Feet
Minimum Setbacks	
Front Yard	50 Feet
Street Side Yard	25 Feet
Interior Side Yard	25 Feet
Rear Yard	50 Feet
Maximum Bldg. Coverage	None
Parking Requirements	2 Per unit or 288 total
Subject's Actual Parking	402
Source: Planning & Zoning Dept.	

## ANALYSIS AND CONCLUSION

The subject is currently zoned AG as an interim zoning classification during a transition to a permanent designation. The improvements represent a legally nonconforming use and, if damaged, may be restored without special permit application. Additional information may be obtained from the appropriate governmental authority. For purposes of this appraisal, CBRE has assumed the information obtained is correct.

Source: Assessor's Office

The local Assessor's methodology for valuation is based upon an assigned mill rate that is established on a yearly basis. The following equations illustrate how the county determines the yearly taxes:

$$\text{Market Value} \times \text{Taxable Ratio} = \text{Taxable Value}$$

$$\text{Taxable Value} \times \text{Total Mill Rate}^* = \text{Property Tax Bill}$$

The commercial taxable value is equivalent to 5.0% of appraised value. A 5% discount is applied to all early payments. CBRE, Inc. assumes that taxes are paid early in order to take advantage of this discount.

### DELINQUENCY

### TAX COMPARABLES

As a crosscheck to the subject's applicable real estate taxes, CBRE, Inc. has reviewed the real estate tax information according to Cass County for comparable properties in the market area. The following table summarizes the comparables employed for this analysis:

<b>AD VALOREM TAX COMPARABLES</b>					
Comparable Rental	Hawn Apartments	Wolf Creek Apartments	Flagstone Apartments	Dakota East & West Apartments	Subject

## CONCLUSION

Based on the foregoing information, the subject's current assessment is well supported by both its historical trend and by the comparable properties shown.

For purposes of this analysis, CBRE, Inc. assumes that all taxes are current.

## Market Analysis – Macroeconomic

### ECONOMIC IMPACT OF COVID-19

As of the current date of value and the date of this report, the nation, region, and market area continue to be impacted by the COVID-19 pandemic. In this section we provide a brief overview of the observed and anticipated impacts of COVID-19 from a macroeconomic perspective based on various CBRE sources. For further and updated information, please visit CBRE’s resource center at <https://www.cbre.com/covid-19>.

In this section, we present the “House View” developed by CBRE Econometric Advisors (CBRE-EA). CBRE-EA has revised its global GDP estimates to project significant negative growth in the short term, followed by a relatively rapid recovery in late 2020/early 2021, but with a slightly negative longer-term impact as illustrated below:

Global real GDP index (Q4 2019 = 100)

Source: CBRE House-View, Oxford Economics, July 2020.

As shown in the following graphs, CBRE-EA projects negative growth for 2020 but an increased rate of growth for 2021.

2020 annualized q-o-q GDP growth

Source: CBRE House-View, July 2020.

2021 annual GDP growth forecast (July)

Source: CBRE House-View, July 2020.

CBRE-EA is projecting a return to economic growth in Q4 2020 that should lead to a reasonably quick fall in unemployment in the U.S., though not to the level seen just prior to the crisis.

Unemployment has historically been highly correlated with vacancy; the following chart illustrates historical trends for unemployment and all-property vacancy rates in the U.S.

### ECONOMIES MOVING OUT OF “LOCKDOWN”

Several countries in Asia and Europe, where the COVID-19 outbreak appears to have peaked, are gradually reopening their economies. While a vaccine has not yet been made available, there are signs of recovery. Since the virus originated in China, they were the first to enter recovery. Recent Q2 figures from China indicate that GDP grew 3.2% in the second quarter compared to the same time one year ago. This is a clear indicator of how things could evolve in the US, and a rebound in China is likely to impact a number of trade-related channels globally.

\* Partial re-lockdown re-imposed due to a second-wave increase of cases. Developing economies are marked in blue.

## STALLED RECOVERY

Towards the end of Q2 2020, a concentration of COVID-19 cases emerged, particularly across the Sunbelt states. This led to a loss of momentum for the nation's economic recovery. Some of these new disruptions are heavily aggregated in some of the more populous states of California, Texas, Florida, and Arizona. The surge in cases has forced businesses within each afflicted state to retract its reopening progress. As such, a prolonged recovery is to be expected; with it, there is potential for delayed economic recovery relative to more optimistic forecasts in recent months.

## KEY TAKEAWAYS & OBSERVATIONS

The following points summarize key points from CBRE-EA and CBRE's Americas Research:

- The brunt of the impact from COVID-19 has continued to persist. Initial macroeconomic projections for stabilization in Q3 2020 and recovery in Q4 has likely been prolonged due to the rise in cases following initial reopening efforts in Q2 2020.
- Though the labor market remains under significant strain, unemployment across the nation has continued to improve from its April highs. Unemployment is expected to progress its downward trend but may take 24-36 months to fall back to pre-crisis levels.
- The early signs of recovery are noted; as of early July 2020, a reported 4.8 million jobs were added to the US economy in June 2020. This was the second month of strong gains behind May. Further improvement is anticipated with nearly three-quarters of unemployed workers indicating their job loss is classified as "temporary."
- The Fed's role in stabilizing the U.S. economy has been immense, including purchases of corporate debt at levels not seen in the Great Financial Crisis. The Fed's balance sheet has jumped to \$6 trillion from \$4 trillion in three months.
- Real estate typically lags macroeconomic indicators and could see a "swoosh-shape" recovery. COVID-19 will impact various industries differently. CBRE-EA is currently anticipating a phased recovery with impacts varying by property type with industrial projected to have the quickest recovery followed by office and then retail.
- Capital values are viewed to be broadly resilient over a 24-36 month horizon, with significant variation based on sector, location and profile.
- Pent-up demand and stimulation policy are expected to aid a rapid recovery.
- Commercial real estate debt markets have been evolving rapidly and dramatically since the COVID crisis. Initially, 10-year Treasury and LIBOR indexes fell to sub-1% levels, followed by massive spikes in loan spreads that largely followed the broader credit markets. Following recent policy interventions, loan spreads narrowed by about 50 to 100 basis points. Commercial mortgage rates range from 3.5% to more than 4% for most conservatively underwritten deals; value-add and riskier deals are seeing widened

spreads and higher overall rates. Adequate capital still exists from banks, life companies and the GSEs, while the CMBS market remains in recovery mode and debt funds vary depending on their capital sources.

- In addition to market uncertainty, government, company and individual social distancing mandates may impact property inspections resulting in extended due diligence periods.
- A bounce back is already being seen in Asia Pacific. In China, consumption continued to rebound in Q2, supported by a spike in “revenge spending” by shoppers emerging from lockdown.
- A post-pandemic reality will emphasize public safety, technology, and optimizing human capital.

## MACROECONOMIC CONCLUSIONS

Initially, market participants were expecting a rebound between the second half of 2020 and first half of 2021. However, due to increased cases following initial reopening efforts in Q2 2020, recovery for the US economy has lost momentum; resulting in a potentially prolonged recovery timeline. The pace of the recovery will depend in large part on containment of the pandemic, timing of vaccine or other medical solutions, mandated restrictions and policy responses. Unemployment has continued to improve from its April highs, however, the gap between current and pre-pandemic levels is still immense. Fiscal and monetary supply for the economy have been unprecedented and, together with pent-up demand, are expected to enable a relatively sustained return to normalcy once health-oriented concerns are alleviated. If a second wave of the virus can be managed effectively, high rates of growth can be expected in 2021. A “V” shaped recovery is broadly anticipated for the broad economy, whereas real estate is likely to lag somewhat with a “swoosh” shaped recovery expected. There will be short term disruptions that will impact rent collections, near-term vacancies, rent growth, and lease-up across most property types. The impact and recovery will vary by city and by property type. Overall, market participants are indicating a pause across most sale and lease transactions as buyers and tenants continue to navigate this period of uncertainty.

## MULTI-FAMILY MARKET ANALYSIS – COVID-19 IMPACT

The National Multifamily Housing Council (NMHC)’s Rent Payment Tracker found 80.4% of apartment households made a full or partial rent payment by March 6 in its survey of 11.6 million units of professionally managed apartment units across the country. This is a 4.1% decrease (474,942 households) from the share who paid rent through March 6, 2020 and compares to 79.6% that had paid by February 6, 2021. This data encompasses a wide variety of market-rate rental properties across the United States, which can vary by size, type and average rental price.

"On behalf of the multifamily industry, we are deeply appreciative of how leaders in Congress and the Biden administration worked with us to develop legislation that will deliver direct financial support to those facing distress due to the pandemic," said Doug Bibby, NMHC President.

"The American Rescue plan includes \$40 billion in essential housing and homelessness assistance, including \$26 billion for rental assistance and \$5 billion to assist people who are homeless. We are especially pleased that the bill includes NMHC-supported provisions that will assist the nation's apartment residents and housing providers—including rental assistance, direct stimulus checks and expanded unemployment benefits. Taken together, along with the funds included in the stimulus package passed in late 2020, this represents a truly significant investment in the 40 million Americans who call an apartment home and the nation's rental housing industry. "As we move forward and continue to face economic challenges due to the pandemic, it will be vital that these new funds are distributed as quickly and efficiently as possible."

## Market Analysis – Standard Research

The subject is in the Fargo market and is considered a Class C garden-style apartment community. According to the Institute of Real Estate Management (in Income/Expense Analysis: Conventional Apartments), the following multifamily property definitions may be applicable towards the subject:

Low-Rise Projects (25 units or more): Includes walk-up buildings and elevator buildings 3 stories or less.

Garden Type Projects: We consider this to be a group of low-rise apartment buildings situated on a sizable landscaped plot, under one management.

### DEMOGRAPHIC ANALYSIS

Demand for residential properties is a direct function of demographic characteristics analyzed on the following pages.

#### Income Distributions

Household income available for expenditure on housing and other consumer items is a primary factor in determining the price/rent level of housing demand in a market area. In the case of this study, projections of household income, particularly for renters, identifies in gross terms the

market from which the subject submarket draws. The following table illustrates estimated household income distribution for the subject neighborhood.

<b>HOUSEHOLD INCOME DISTRIBUTION</b>

\*Future Projected Data according to Axiometrics

Source: Axiometrics, 4th Quarter 2020

The Fargo apartment submarket consists of approximately 25,344 units of apartment space. The current submarket inventory represents approximately 71.0% of the overall market inventory. The following observations were noted from the table above:

- As of 4th Quarter 2020, there were approximately 24,376 units of occupied apartment space, resulting in an occupancy rate of 96.2% for the submarket. This reflects a small decrease from the previous quarter's occupancy of 96.4%, and an increase from an occupancy rate of 95.0% from last year. The submarket occupancy is above the 96.1% market occupancy.
- The submarket experienced negative 11 units of net absorption for the current quarter. This indicates a decline from the previous quarter's positive 327 units of net absorption, and a decline from the positive 460 units of net absorption from a year ago. Overall, the submarket has experienced positive 447 units of net absorption for the current year-to-date period. The submarket's current net absorption of negative 11 units compares favorably with the overall market net absorption of negative 42 units.
- The submarket had completions of positive 43 units for the current quarter, which indicates an increase from the previous quarter's completions of positive 35 units, and a decrease from the completions of positive 81 units from last year.
- The submarket achieved average effective rent of \$816 per unit, which indicates an increase from the previous quarter's effective rent of \$813 per unit, and an increase from the effective rent of \$798 per unit from last year. The submarket's current effective rent of \$816 per unit compares favorably with the overall market asking rent of \$807 per unit.

## SUBJECT ANALYSIS

### Occupancy

Based on the foregoing analysis, CBRE, Inc.'s conclusion of stabilized occupancy for the subject is illustrated in the following table. This estimate considers both the physical and economic factors of the market.

<b>OCCUPANCY CONCLUSIONS</b>	
Fargo Area Q4 2020	96.2%
Fargo Area Q3 2020	96.4%
Rent Comparables	100.0%
Subject Historical Range	95.5%-97.4%
Subject's Current Occupancy	99.3%
Subject's Stabilized Occupancy	95.0%
Compiled by CBRE	

As indicated, our concluded stabilized occupancy is consistent with local market data and the rent comparables. The concluded amount factors in the long-term stability of the market as well as the subject's recent historical performance. As previously noted, the subject is considered stabilized.

## CONCLUSION

The last three years within Fargo/Moorhead have been softer relative to historic standards as the market experienced a surge in multi-family construction. As construction has diminished the market has regained its footing. Considering the recent trends in absorption and the prospects for new construction, the local market area should maintain a stabilized occupancy position in the long term. The addition of new product has recently created downward pressure on occupancy and on owners' ability to obtain effective rental increases, though this is considered short-term. The long-term projection for the subject submarket is for gradual rebuilding of stability coupled with continued growth among newer, competitive projects.

## Highest and Best Use

In appraisal practice, the concept of highest and best use represents the premise upon which value is based. The four criteria the highest and best use must meet are:

- legally permissible;
- physically possible;
- financially feasible; and
- maximally productive.

The highest and best use analysis of the subject is discussed below.

### AS VACANT

#### Legal Permissibility

The legally permissible uses were discussed in the Site Analysis and Zoning Sections.

#### Physical Possibility

The subject is adequately served by utilities, and has an adequate shape and size, sufficient access, etc., to be a separately developable site. There are no known physical reasons why the subject site would not support any legally probable development (i.e. it appears adequate for development). Existing structures on similar sites provides additional evidence for the physical possibility of development.

#### Financial Feasibility

The determination of financial feasibility is dependent primarily on the relationship of supply and demand for the legally probable land uses versus the cost to create the uses. As discussed in the market analysis, the subject multifamily market is generally stabilized. Development of new multifamily properties has occurred in the past few years and there are proposed or under construction multifamily projects in the competitive market.

#### Maximum Productivity - Conclusion

The final test of highest and best use of the site as if vacant is that the use be maximally productive, yielding the highest return to the land.

Based on the information presented above and upon information contained in the market and neighborhood analysis, we conclude that the highest and best use of the subject as if vacant would be the development of a multifamily property. Our analysis of the subject and its respective market characteristics indicate the most likely buyer, as if vacant, would be an investor (land speculation) or a developer.

### AS IMPROVED

#### Legal Permissibility

The site has been improved with a multifamily development that is a legal, nonconforming use.

### Physical Possibility

The layout and positioning of the improvements are considered functional for multifamily use. While it would be physically possible for a wide variety of uses, based on the legal restrictions and the design of the improvements, the continued use of the property for multifamily users would be the most functional use.

### Financial Feasibility

The financial feasibility of a multifamily property is based on the amount of rent which can be generated, less operating expenses required to generate that income; if a residual amount exists, then the land is being put to a productive use. Based upon the income capitalization approach conclusion, the subject is producing a positive net cash flow and continued utilization of the improvements for multifamily purposes is considered financially feasible. Further, the value of the improvements detailed clearly exceeds the underlying land value.

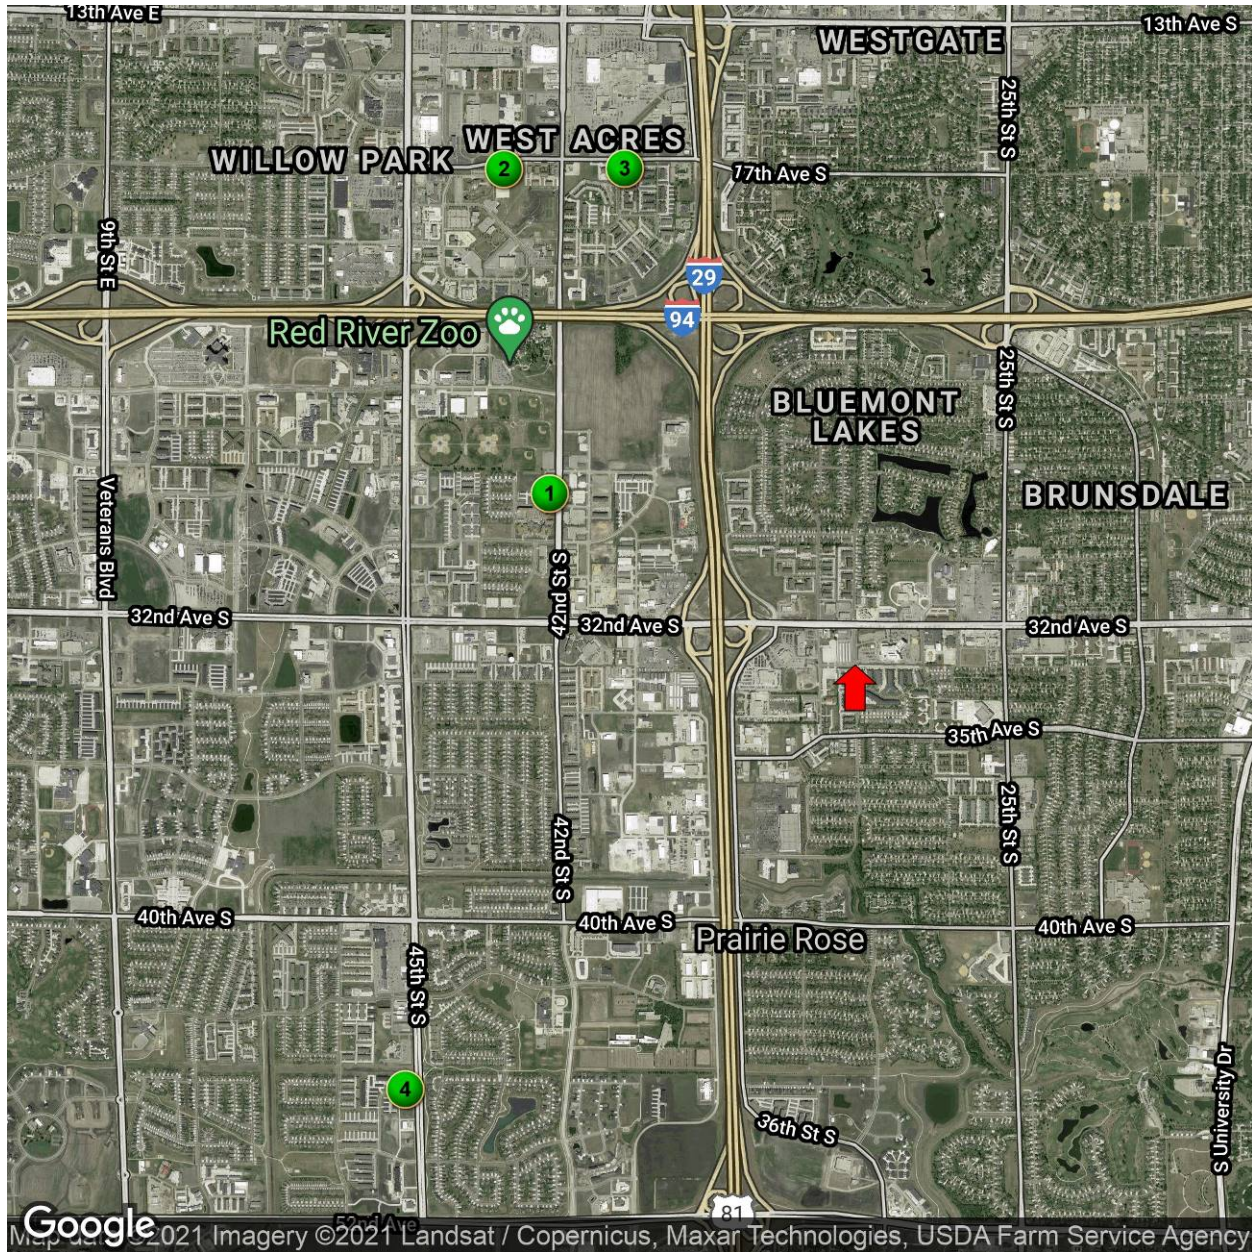

### Maximum Productivity - Conclusion

As shown in the applicable valuation sections, buildings that are similar to the subject have been acquired or continue to be used by multifamily owners/tenants. None of the comparable buildings have been acquired for conversion to an alternative use. The most likely buyer for the subject property is considered to be Investor-Local.

Based on the foregoing, the highest and best use of the property, as improved, is consistent with the existing use as a multifamily development.

The sales utilized were selected from Fargo area within a 3-mile radius of the subject. These sales were chosen based upon location, size and date of sale. Land sales with proposed multifamily uses were sought out but limited multifamily development in recent years has caused for a dearth in recent sales. In place of multifamily land sales, the appraisers have included office and retail land sales and have applied large downward adjustments for the superior H&BU.

### SUMMARY OF ADJUSTMENTS

All comparables represented the transfer of fee simple ownership with no atypical sale conditions noted. In terms of market condition adjustments, no adjustments were applied given general market volatility and limited evidence to substantiate an observable trend. Comparables One, Two Three were adjusted downward to account for their superior H&BU with proposed uses as retail/office properties. Comparable Four was adjusted downward given the proposed townhome units which are superior in average unit size and unit mix. Comparables Two and Three were adjusted downward to account for their superior locations closer to retail and employment centers within Fargo. Lastly, Comparable Four was adjusted upward to account for its inferior location further from retail and employment centers within Fargo.

Based on our comparative analysis, the following chart summarizes the adjustments warranted to each comparable.

Prior to adjustments, the sales ranged from \$9.46 PSF to \$11.01 PSF with an average of \$10.57 PSF. After adjustments, the range decreased to \$3.79 PSF to \$7.57 PSF with an average of \$5.45 PSF.

## CONCLUSION

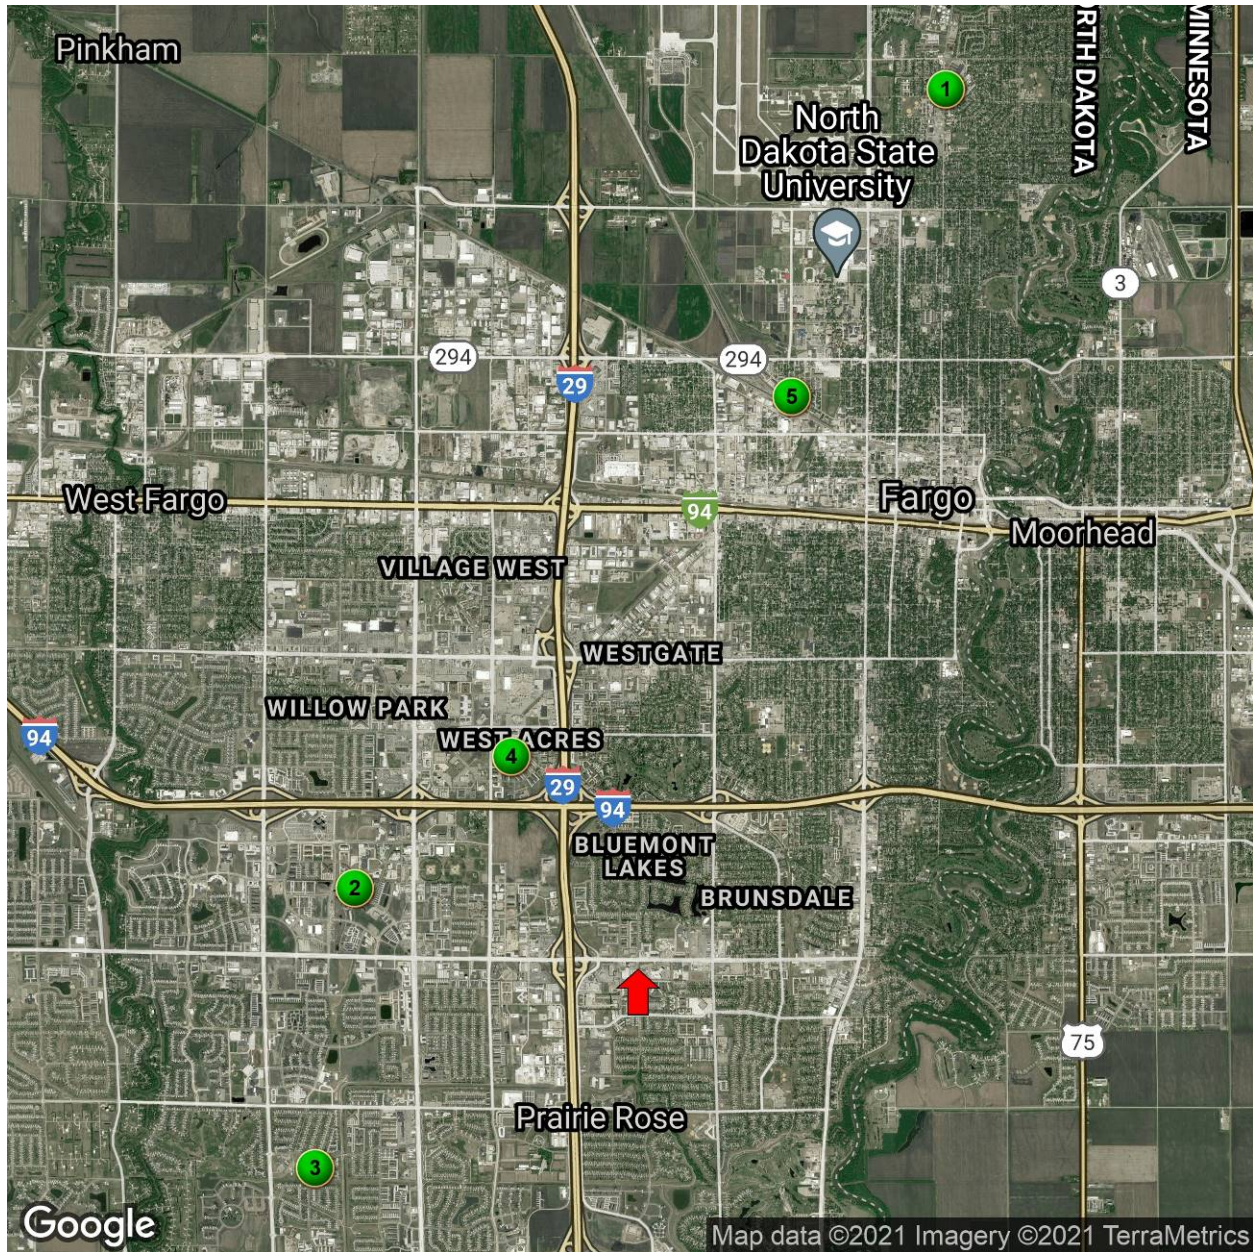

Based on the preceding analysis, Comparables One and Two were the most representative of the subject site and warranted greatest consideration because they represent the most recent sales. In conclusion, a price per SF indication towards the lower end of the range was most appropriate for the subject. The conclusion is notably lower than the unadjusted range but is supported when considering the overall development costs and feasibility of developing a multifamily project in the local market. A review of multiple multifamily developments constructed in the previous five years in the Fargo/Moorhead MSA indicate that no multifamily land has been acquired above \$20,000 per proposed unit with the majority falling below \$15,000 per proposed unit. The concluded land value equates to \$10,903 per unit and appears reasonable for the local market. The following table presents the valuation conclusion:

The sales utilized were selected from our research of comparable improved sales within the greater Fargo/Moorhead area. These sales were chosen based upon size, age, quality of construction and location.

## ADJUSTMENT RATIONALE

The comparable sales must be adjusted for differences with the subject property. The adjustments are based upon percentages and are applied to the price per unit, which is the primary unit of comparison for multi-family properties, such as the subject.

## Property Rights Conveyed

All sales represent the transfer of Fee Simple Estate and no adjustments are required.

## Financing Terms

Financing affects real estate values as the availability of financing helps determine the demand for real estate. In most cases, the cost and availability of financing have an inverse relationship; high interest rates or limited availability of financing are usually accompanied by a decrease in the demand for credit and/or real estate. This element is particularly significant in sales involving non-market and/or seller financing.

All of the sales were assumed cash transactions or are considered to reflect cash equivalent transactions. No adjustments are required for financing terms.

## Conditions of Sale

Adjustment for conditions of sale is justified when the circumstances of a specific sale result in a price that is higher or lower than that of a normal market transaction. This adjustment reflects the motivations of a buyer and seller in the transfer of real property. Circumstances requiring adjustments for conditions of sale includes sales made under duress, auctions, eminent domain

transactions, and sales that were not arm's-length. This adjustment is also utilized for listings, negotiations, offers, and/or non-closed escrows (as appropriate).

All of the comparable sales were considered to represent arm's length transactions. Comparables that sold with occupancy below stabilized levels were adjusted upwards by factors of 5%.

### Market Conditions

The market condition adjustment is for any projected value change between the sale dates of the comparables and the effective appraisal date.

No market conditions adjustment was applied given general market volatility and limited evidence to substantiate an observable trend.

### Project Size

Project size adjustments are based on a number of pairings of multi-family apartment sales in the subject submarket sector. The larger the number of units the lower the price per unit due to the economies of scale achieved and decreasing number of potential buyers. The comparables generally represent smaller to mid-sized projects with similar investor profiles and no adjustments were applied.

### Age

Adjustments here are based on the property's age and observed condition. Unless we have observed significant capital improvements that would extend a property's useful life, we have exclusively adjusted based on each project's age rather than its condition relative to the subject.

The subject was built in 1994. The comparables selected range from 1968 to 2013 and have undergone periodic renovations or additions. For purposes of this analysis, an adjustment factor of approximately 0.50% per year of difference between the year built of the subject and the actual age of the comparables has been applied. The basis of this adjustment was considered to be further supported by the actual physical depreciation of the sale comparables.

### Quality of Construction

The subject represents average quality construction with average in-unit features. Comparables with in-unit laundry have been adjusted downward 5%.

### Average Unit Size

The subject exhibits an average unit size of 1,007 SF. No adjustments were applied given the similar average unit sizes of the comparables.

### Project Amenities

The typical amenity package for a garden style apartment of the subject's size consists of a common laundry. No adjustments were required.

## Parking

The subject offers detached garage parking. No adjustments were required.

## Location/Economic

Investors in real estate are primarily concerned with the economic income generating potential and the lease terms/potential of a property. The income generating capability of a property is due to the physical features of the property, as well as its location. As a result, we have adjusted the comparables for economic/location differences by analyzing the difference in net income between the sales and the subject property income projection. Within this category, the appraiser evaluated the difference in NOI/unit (divided by one third to minimize any double counting of physical adjustments previously made) and the rounded result was applied to each transaction.

## RENT ADJUSTMENTS

Rent adjustments are sometimes necessary to account for differences in rental rates applicable to different units within similar floor plans due to items such as location within the property, view, and level of amenities. These rental adjustments may be in the form of rent premiums or rent discounts.

As noted, the rental rates for some of the subject's units vary depending upon whether or not they have been upgraded and modernized. However, we have utilized the weighted average rental rates, taking into account this variance. Thus, no rent adjustments are required.

## RENT ROLL ANALYSIS

The rent roll analysis serves as a crosscheck to the estimate of market rent for the subject. The collections shown on the rent roll include rent premiums and/or discounts.

<b>UTILITIES</b>		
Year	Total	\$/Unit/Yr
2018	\$115,664	\$803
2019	\$118,579	\$823
2020	\$126,951	\$882
Buyer Budget	\$124,800	\$867
Expense Comparable 1	---	\$1,007
Expense Comparable 2	---	\$925
Expense Comparable 3	---	\$1,041
<b>CBRE Estimate</b>	<b>\$129,600</b>	<b>\$900</b>
Compiled by CBRE		

Our estimate is generally in-line with the historical and budgeted data and appears reasonable. It is slightly below the comparable data, but is considered supported in the local market.

### Administrative & General

Administrative expenses typically include legal costs, accounting, telephone, supplies, furniture, temporary help and items that are not provided by off-site management. The comparable data and projections for the subject are summarized as follows:

<b>ADMINISTRATIVE &amp; GENERAL</b>		
Year	Total	\$/Unit/Yr
2018	\$15,979	\$111
2019	\$14,718	\$102
2020	\$12,918	\$90
Buyer Budget	\$0	\$0
Expense Comparable 1	---	\$75
Expense Comparable 2	---	\$67
Expense Comparable 3	---	\$84
<b>CBRE Estimate</b>	<b>\$14,400</b>	<b>\$100</b>
Compiled by CBRE		

Our estimate is generally in-line with the historical and budgeted data and appears reasonable. It is also supported by the comparable data.

### Repairs and Maintenance

Repairs and maintenance expenses typically include all outside maintenance service contracts and the cost of maintenance and repairs supplies. The comparable data and projections for the subject are summarized as follows:

<b>REPAIRS &amp; MAINTENANCE</b>		
Year	Total	\$/Unit/Yr
2018	\$144,741	\$1,005
2019	\$215,224	\$1,495
2020	\$150,450	\$1,045
Buyer Budget	\$211,800	\$1,471
Expense Comparable 1	---	\$1,036
Expense Comparable 2	---	\$1,506
Expense Comparable 3	---	\$1,147
<b>CBRE Estimate</b>	<b>\$172,800</b>	<b>\$1,200</b>
Compiled by CBRE		

Our estimate is generally in-line with the historical and budgeted data and appears reasonable. It is also supported by the comparable data.

### Management Fee

Management expenses are typically negotiated as a percentage of collected revenues (i.e., effective gross income). The comparable data and projections for the subject are summarized as follows:

<b>MANAGEMENT FEE</b>		
Year	Total	% of EGI
2018	\$148,690	11.4%
2019	\$145,485	11.5%
2020	\$145,198	11.0%
Buyer Budget	\$90,843	7.1%
Expense Comparable 1	---	11.0%
Expense Comparable 2	---	11.0%
Expense Comparable 3	---	11.2%
<b>CBRE Estimate</b>	<b>\$38,039</b>	<b>3.0%</b>
Compiled by CBRE		

The subject's operating history and buyer's budget include administrative & general and payroll costs embedded within the management fees. This is also the case with the comparable data. As such, we have estimate in-line with average amounts for the local market which range from 3-5%.

### Payroll

Payroll expenses typically include all payroll and payroll related items for all directly employed administrative personnel. Not included are the salaries or fees for off-site management firm personnel and services. The comparable data and projections for the subject are summarized as follows:

<b>PAYROLL</b>		
Year	Total	\$/Unit/Yr
2018	\$0	\$0
2019	\$0	\$0
2020	\$0	\$0
Buyer Budget	\$72,756	\$505
Expense Comparable 1	---	\$0
Expense Comparable 2	---	\$0
Expense Comparable 3	---	\$0
<b>CBRE Estimate</b>	<b>\$72,000</b>	<b>\$500</b>
Compiled by CBRE		

The subject's operating history includes payroll costs within the management fees. This is also the case with the comparable data. As such, we have estimate in-line with the buyer's budget which appears reasonable for the local market.

### Advertising and Promotion

Advertising and promotion expenses typically include all costs associated with the promotion of the subject including advertisements in local publications, trade publications, yellow pages, et cetera. The comparable data and projections for the subject are summarized as follows:

<b>ADVERTISING &amp; PROMOTION</b>		
Year	Total	\$/Unit/Yr
2018	\$12,834	\$89
2019	\$11,883	\$83
2020	\$8,746	\$61
Buyer Budget	\$0	\$0
Expense Comparable 1	---	\$57
Expense Comparable 2	---	\$50
Expense Comparable 3	---	\$56
<b>CBRE Estimate</b>	<b>\$7,200</b>	<b>\$50</b>
Compiled by CBRE		

Our estimate is generally in-line with the historical and budgeted data and appears reasonable. It is also supported by the comparable data.

### Reserves for Replacement

Reserves for replacement have been estimated based on market parameters. The comparable data and projections for the subject are summarized as follows:

<b>REPLACEMENT RESERVES</b>		
Year	Total	\$/Unit/Yr
2018	\$36,000	\$250
2019	\$36,000	\$250
2020	\$36,000	\$250
Buyer Budget	\$36,000	\$250
Expense Comparable 1	---	\$250
Expense Comparable 2	---	\$250
Expense Comparable 3	---	\$250
<b>CBRE Estimate</b>	<b>\$36,000</b>	<b>\$250</b>
Compiled by CBRE		

### OPERATING EXPENSE CONCLUSION

The comparable data and projections for the subject are summarized as follows:

<b>TOTAL OPERATING EXPENSES</b>		
Year	Total	\$/Unit/Yr
2018	\$633,889	\$4,402
2019	\$702,333	\$4,877
2020	\$652,271	\$4,530
Buyer Budget	\$716,845	\$4,978
Expense Comparable 1	---	\$4,468
Expense Comparable 2	---	\$4,624
Expense Comparable 3	---	\$4,687
<b>CBRE Estimate</b>	<b>\$641,822</b>	<b>\$4,457</b>
Compiled by CBRE		

Our estimate is generally in-line with the historical and budgeted data and appears reasonable. It is also supported by the comparable data.

### NET OPERATING INCOME CONCLUSION

The comparable data and projections for the subject are summarized as follows:

<b>NET OPERATING INCOME</b>		
Year	Total	\$/Unit/Yr
2018	\$669,152	\$4,647
2019	\$567,052	\$3,938
2020	\$666,172	\$4,626
Buyer Budget	\$556,538	\$3,865
<b>CBRE Estimate</b>	<b>\$626,150</b>	<b>\$4,348</b>
Compiled by CBRE		

Our estimate is generally in-line with the historical data and appears reasonable. It is above the buyer's budget given the buyer's notably above market management fee projection.

### DIRECT CAPITALIZATION

Direct capitalization is a method used to convert a single year's estimated stabilized net operating income into a value indication. The following subsections represent different techniques for deriving an overall capitalization rate.

#### Comparable Sales

The overall capitalization rates (OARs) confirmed for the comparable sales analyzed in the sales comparison approach are as follows:

<b>COMPARABLE CAPITALIZATION RATES</b>					
Sale	Sale Date	Sale Price \$/Unit	Occupancy	Buyer's Primary Analysis	OAR
1	Mar-20	\$50,000	83%	Pro Forma (Stabilized)	6.22%
2	Jan-20	\$97,222	80%	Pro Forma (Stabilized)	6.21%
3	Jan-20	\$92,000	94%	Pro Forma (Stabilized)	6.31%
4	May-19	\$72,384	80%	Trailing Actuals	5.80%
5	Jan-19	\$77,668	100%	Trailing Actuals	6.86%
<b>Indicated OAR:</b>			95%		<b>5.80%-6.86%</b>
Compiled by CBRE					

The overall capitalization rates for these sales were derived based upon the actual or pro-forma income characteristics of the property. Sale Nos. One, Two and Three transpired within the past 24 months, while the remaining sales represent slightly older transaction dates. Therefore, primary emphasis has been placed upon the more recent data, which is generally reflective of current market trends, interest rates, and buyer's expectations and motivation in the market.

### Published Investor Surveys

The results of the most recent investor surveys are summarized in the following chart.

<b>OVERALL CAPITALIZATION RATES</b>		
Investment Type	OAR Range	Average
<i>CBRE Apartments</i>		
Class A	4.52% - 5.34%	4.77%
Class B	4.81% - 5.85%	5.14%
Class C	5.36% - 7.10%	5.82%
<i>RealtyRates.com</i>		
Apartments	3.73% - 12.02%	7.85%
Garden/Suburban TH	3.73% - 10.75%	7.06%
Hi-Rise/Urban TH	4.74% - 12.02%	8.10%
<i>PwC Apartment</i>		
National Data	3.50% - 8.00%	5.22%
<b>Indicated OAR:</b>		<b>5.82%-7.00%</b>
Compiled by CBRE		

The subject is considered to be a Class C property. Because of the subject's quality, age and location an OAR near the middle to lower end of the range indicated in the preceding table is considered appropriate.

### Band of Investment

The band of the investment technique has been utilized as a crosscheck to the foregoing techniques. The Mortgage Interest Rate and the Equity Dividend Rate (EDR) are based upon current market yields for similar investments. The analysis is shown in the following table.

<b>BAND OF INVESTMENT</b>			
Mortgage Interest Rate	3.25%		
Mortgage Term (Amortization Period)	25 Years		
Mortgage Ratio (Loan-to-Value)	70%		
Mortgage Constant (monthly payments)	0.05848		
Equity Dividend Rate (EDR)	7.50%		
Mortgage Requirement	70%	x	0.05848 = 0.04094
Equity Requirement	30%	x	0.07500 = 0.02250
	100%		0.06344
<b>Indicated OAR:</b>			<b>6.30%</b>
Compiled by CBRE			

### Capitalization Rate Conclusion

The following chart summarizes the OAR conclusions.

<b>OVERALL CAPITALIZATION RATE - CONCLUSION</b>	
Source	Indicated OAR
Comparable Sales	5.80%-6.86%
Published Surveys	5.82%-7.00%
Band of Investment	6.30%
<b>CBRE Estimate</b>	<b>6.25%</b>
Compiled by CBRE	

In concluding an overall capitalization rate for the subject, primary reliance has been placed upon the data obtained from the comparable sales. This data tends to provide the most accurate depiction of both buyer's and seller's expectations within the market. Secondary consideration has been afforded to the published surveys and band of investment technique.

## CONCLUSION OF INCOME CAPITALIZATION APPROACH

The conclusions via the valuation methods employed for this approach are as follows:

<b>INCOME CAPITALIZATION APPROACH VALUES</b>			
		Direct Capitalization	
Appraisal Premise	As of Date	Method	Reconciled Value
As Is	May 7, 2021	\$10,020,000	\$10,020,000
Compiled by CBRE			

## Reconciliation of Value

The value indications from the approaches to value are summarized as follows:

<b>SUMMARY OF VALUE CONCLUSIONS</b>				
Appraisal Premise	As of Date	Sales Comparison Approach	Income Approach	Reconciled Value
As Is	May 7, 2021	\$10,080,000	\$10,020,000	\$10,050,000
Compiled by CBRE				

In the sales comparison approach, the subject is compared to similar properties that have been sold recently or for which listing prices or offers are known. The sales used in this analysis are considered highly comparable to the subject, and the required adjustments were based on reasonable and well-supported rationale. In addition, market participants are currently analyzing purchase prices on investment properties as they relate to available substitutes in the market. Therefore, the sales comparison approach is considered to provide a reliable value indication and has been given equal emphasis in the final value reconciliation.

The income capitalization approach is applicable to the subject since it is an income producing property leased in the open market. Market participants are primarily analyzing properties based on their income generating capability. Therefore, the income capitalization approach is considered a reasonable and substantiated value indicator and has been given equal emphasis in the final value estimate.

Based on the foregoing, the market value of the subject has been concluded as follows:

<b>MARKET VALUE CONCLUSION</b>			
Appraisal Premise	Interest Appraised	Date of Value	Value Conclusion
As Is	Fee Simple Estate	May 7, 2021	\$10,050,000
Compiled by CBRE			

## Assumptions and Limiting Conditions

1. CBRE, Inc. through its appraiser (collectively, "CBRE") has inspected through reasonable observation the subject property. However, it is not possible or reasonably practicable to personally inspect conditions beneath the soil and the entire interior and exterior of the improvements on the subject property. Therefore, no representation is made as to such matters.
2. The report, including its conclusions and any portion of such report (the "Report"), is as of the date set forth in the letter of transmittal and based upon the information, market, economic, and property conditions and projected levels of operation existing as of such date. The dollar amount of any conclusion as to value in the Report is based upon the purchasing power of the U.S. Dollar on such date. The Report is subject to change as a result of fluctuations in any of the foregoing. CBRE has no obligation to revise the Report to reflect any such fluctuations or other events or conditions which occur subsequent to such date.
3. Unless otherwise expressly noted in the Report, CBRE has assumed that:
  - (i) Title to the subject property is clear and marketable and that there are no recorded or unrecorded matters or exceptions to title that would adversely affect marketability or value. CBRE has not examined title records (including without limitation liens, encumbrances, easements, deed restrictions, and other conditions that may affect the title or use of the subject property) and makes no representations regarding title or its limitations on the use of the subject property. Insurance against financial loss that may arise out of defects in title should be sought from a qualified title insurance company.
  - (ii) Existing improvements on the subject property conform to applicable local, state, and federal building codes and ordinances, are structurally sound and seismically safe, and have been built and repaired in a workmanlike manner according to standard practices; all building systems (mechanical/electrical, HVAC, elevator, plumbing, etc.) are in good working order with no major deferred maintenance or repair required; and the roof and exterior are in good condition and free from intrusion by the elements. CBRE has not retained independent structural, mechanical, electrical, or civil engineers in connection with this appraisal and, therefore, makes no representations relative to the condition of improvements. CBRE appraisers are not engineers and are not qualified to judge matters of an engineering nature, and furthermore structural problems or building system problems may not be visible. It is expressly assumed that any purchaser would, as a precondition to closing a sale, obtain a satisfactory engineering report relative to the structural integrity of the property and the integrity of building systems.
  - (iii) Any proposed improvements, on or off-site, as well as any alterations or repairs considered will be completed in a workmanlike manner according to standard practices.
  - (iv) Hazardous materials are not present on the subject property. CBRE is not qualified to detect such substances. The presence of substances such as asbestos, urea formaldehyde foam insulation, contaminated groundwater, mold, or other potentially hazardous materials may affect the value of the property.
  - (v) No mineral deposit or subsurface rights of value exist with respect to the subject property, whether gas, liquid, or solid, and no air or development rights of value may be transferred. CBRE has not considered any rights associated with extraction or exploration of any resources, unless otherwise expressly noted in the Report.
  - (vi) There are no contemplated public initiatives, governmental development controls, rent controls, or changes in the present zoning ordinances or regulations governing use, density, or shape that would significantly affect the value of the subject property.
  - (vii) All required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, nor national government or private entity or organization have been or can be readily obtained or renewed for any use on which the Report is based.
  - (viii) The subject property is managed and operated in a prudent and competent manner, neither inefficiently or super-efficiently.
  - (ix) The subject property and its use, management, and operation are in full compliance with all applicable federal, state, and local regulations, laws, and restrictions, including without limitation environmental laws, seismic hazards, flight patterns, decibel levels/noise envelopes, fire hazards, hillside ordinances, density, allowable uses, building codes, permits, and licenses.
  - (x) The subject property is in full compliance with the Americans with Disabilities Act (ADA). CBRE is not qualified to assess the subject property's compliance with the ADA, notwithstanding any discussion of possible readily achievable barrier removal construction items in the Report.

- (xi) All information regarding the areas and dimensions of the subject property furnished to CBRE are correct, and no encroachments exist. CBRE has neither undertaken any survey of the boundaries of the subject property nor reviewed or confirmed the accuracy of any legal description of the subject property.

Unless otherwise expressly noted in the Report, no issues regarding the foregoing were brought to CBRE's attention, and CBRE has no knowledge of any such facts affecting the subject property. If any information inconsistent with any of the foregoing assumptions is discovered, such information could have a substantial negative impact on the Report. Accordingly, if any such information is subsequently made known to CBRE, CBRE reserves the right to amend the Report, which may include the conclusions of the Report. CBRE assumes no responsibility for any conditions regarding the foregoing, or for any expertise or knowledge required to discover them. Any user of the Report is urged to retain an expert in the applicable field(s) for information regarding such conditions.

4. CBRE has assumed that all documents, data and information furnished by or behalf of the client, property owner, or owner's representative are accurate and correct, unless otherwise expressly noted in the Report. Such data and information include, without limitation, numerical street addresses, lot and block numbers, Assessor's Parcel Numbers, land dimensions, square footage area of the land, dimensions of the improvements, gross building areas, net rentable areas, usable areas, unit count, room count, rent schedules, income data, historical operating expenses, budgets, and related data. Any error in any of the above could have a substantial impact on the Report. Accordingly, if any such errors are subsequently made known to CBRE, CBRE reserves the right to amend the Report, which may include the conclusions of the Report. The client and intended user should carefully review all assumptions, data, relevant calculations, and conclusions of the Report and should immediately notify CBRE of any questions or errors within 30 days after the date of delivery of the Report.
5. CBRE assumes no responsibility (including any obligation to procure the same) for any documents, data or information not provided to CBRE, including without limitation any termite inspection, survey or occupancy permit.
6. All furnishings, equipment and business operations have been disregarded with only real property being considered in the Report, except as otherwise expressly stated and typically considered part of real property.
7. Any cash flows included in the analysis are forecasts of estimated future operating characteristics based upon the information and assumptions contained within the Report. Any projections of income, expenses and economic conditions utilized in the Report, including such cash flows, should be considered as only estimates of the expectations of future income and expenses as of the date of the Report and not predictions of the future. Actual results are affected by a number of factors outside the control of CBRE, including without limitation fluctuating economic, market, and property conditions. Actual results may ultimately differ from these projections, and CBRE does not warrant any such projections.
8. The Report contains professional opinions and is expressly not intended to serve as any warranty, assurance or guarantee of any particular value of the subject property. Other appraisers may reach different conclusions as to the value of the subject property. Furthermore, market value is highly related to exposure time, promotion effort, terms, motivation, and conclusions surrounding the offering of the subject property. The Report is for the sole purpose of providing the intended user with CBRE's independent professional opinion of the value of the subject property as of the date of the Report. Accordingly, CBRE shall not be liable for any losses that arise from any investment or lending decisions based upon the Report that the client, intended user, or any buyer, seller, investor, or lending institution may undertake related to the subject property, and CBRE has not been compensated to assume any of these risks. Nothing contained in the Report shall be construed as any direct or indirect recommendation of CBRE to buy, sell, hold, or finance the subject property.
9. No opinion is expressed on matters which may require legal expertise or specialized investigation or knowledge beyond that customarily employed by real estate appraisers. Any user of the Report is advised to retain experts in areas that fall outside the scope of the real estate appraisal profession for such matters.
10. CBRE assumes no responsibility for any costs or consequences arising due to the need, or the lack of need, for flood hazard insurance. An agent for the Federal Flood Insurance Program should be contacted to determine the actual need for Flood Hazard Insurance.
11. Acceptance or use of the Report constitutes full acceptance of these Assumptions and Limiting Conditions and any special assumptions set forth in the Report. It is the responsibility of the user of the Report to read in full, comprehend and thus become aware of all such assumptions and limiting conditions. CBRE assumes no responsibility for any situation arising out of the user's failure to become familiar with and understand the same.
12. The Report applies to the property as a whole only, and any pro ration or division of the title into fractional interests will invalidate such conclusions, unless the Report expressly assumes such pro ration or division of interests.

13. The allocations of the total value estimate in the Report between land and improvements apply only to the existing use of the subject property. The allocations of values for each of the land and improvements are not intended to be used with any other property or appraisal and are not valid for any such use.
14. The maps, plats, sketches, graphs, photographs, and exhibits included in this Report are for illustration purposes only and shall be utilized only to assist in visualizing matters discussed in the Report. No such items shall be removed, reproduced, or used apart from the Report.
15. The Report shall not be duplicated or provided to any unintended users in whole or in part without the written consent of CBRE, which consent CBRE may withhold in its sole discretion. Exempt from this restriction is duplication for the internal use of the intended user and its attorneys, accountants, or advisors for the sole benefit of the intended user. Also exempt from this restriction is transmission of the Report pursuant to any requirement of any court, governmental authority, or regulatory agency having jurisdiction over the intended user, provided that the Report and its contents shall not be published, in whole or in part, in any public document without the written consent of CBRE, which consent CBRE may withhold in its sole discretion. Finally, the Report shall not be made available to the public or otherwise used in any offering of the property or any security, as defined by applicable law. Any unintended user who may possess the Report is advised that it shall not rely upon the Report or its conclusions and that it should rely on its own appraisers, advisors and other consultants for any decision in connection with the subject property. CBRE shall have no liability or responsibility to any such unintended user.

## Map &amp; Comments

Title to the property was vested in the name of West Willowwood LLP (multi-family property) and Willow Wood Greens LLP (townhome property) according to Cass County Deed Records. The existing ownership group is the developer of both properties. The property was sold to a local real estate investor entity Dale Buchholz Construction for a combined price of \$6,175,000 with an allocation of \$4,162,725 for the apartment and \$2,062,275 for the townhome. The purchase agreement was signed April 4, 2019 and a closing of May 29, 2019 is planned. Mr. Mark Buchholz, buyer representative, indicated the sale was not solicited to the general public and the sellers are looking to divest both properties given recent market softness combined with health reasons and retirement. The selling entity has both owned and directly managed the property historically.

**Additional Information:**

This request consists of 5 total apartment communities all located in Fargo, ND. Please see the attached "Sterling Properties – Property Info" spreadsheet for further information about each property. Our borrower is looking to acquire all 5 properties. We are seeking to have one appraiser completed an appraisal for each property. We are seeking an "as is" value, FFEvalue, fee simple interest, utilizing the sales and income approaches to value (for each property). Due to the circumstances surrounding COVID-19, we are seeking a drive by inspection with the interior inspection completed via a virtual inspection and/or time stamped pictures from the borrower. \*\*Please note we are requesting a bid for both a standard turn time and expedited turn time.

**Note:** This appraisal order is not transferrable to another appraiser. If the appraiser named on this appraisal request is unable to complete this assignment please contact Bremer Bank at 651-734-4939. All appraisers are approved on an individual basis, if this assignment is completed by another appraiser Bremer Bank will not be liable for any appraisal related appraisal fee.

### **INTENDED USE**

The purpose of the appraisal assignment includes one or more of the following: (a) as a basis for evaluation of a loan request or making an investment decision, (b) risk management, and/or (c) for establishing or adjusting book value. Bank may disclose or distribute the appraisal report to third parties including the owner of the Subject Property.

### **PRIMARY CLIENT**

The primary Client is \_\_\_\_\_ and its officers, directors and employees. Additional clients include banks participating in loans on the subject property and other parties identified in the RFP. The appraisal must be requested and engaged by an officer from Banks Appraisal Department. Payment shall be made directly from Bank to the Appraiser.

### **APPRAISAL REPORT CONTENTS**

The appraisal reports prepared for \_\_\_\_\_ shall be prepared with the following minimum guidelines:

1. **Conformity with Regulatory and Other Standards:** Appraisal shall include a statement from the appraiser that it is compliant with the most recent edition and revisions of the Uniform Standards of Professional Appraisal Practices (USPAP) and the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA) under the general auspices of the Federal Deposit Insurance Corporation Improvement Act (FDICIA).
2. **Disclosure of Competency:** Appraisal shall include an affirmative statement that the Appraiser is competent to complete this report in accordance with the competency provision in the USPAP. In the absence of an affirmative statement, the Appraiser must disclose any lack of knowledge and/or experience for this assignment and any necessary steps taken to comply with the competency provision in the USPAP.
3. **Other Consultants:** If Appraiser requires the use of third party consultants, those individuals shall be satisfactory to the Bank.
4. **Prior Services:** Appraiser shall certify performance or lack thereof of any valuation services for the subject with in the past three (3) years. The nature of such services and client shall be disclosed.
5. **Defined Value:** The value to be estimated is **Market Value**. Thus, Appraisal should use the definition of market value as it appears in CFR 232.2. Definitions of other types of values must be approved by an officer of this institution prior to acceptance of such within the body of the appraisal report. No alternative definitions are acceptable to this institution.
6. **Exposure/Marketing Time and Most Likely Buyer:** Appraisal shall include an estimate of the exposure and marketing time and identify the most likely buyer.
7. **Ownership History:** Appraisal shall describe (parties and amount) any ownership transfers within the past three years and/or the most recent transfer if more than three years ago.
8. **Appraisal Independence:** The certification required by USPAP shall include additional statements that the Appraiser has acted in an independent capacity and the appraisal engagement or compensation is not based on a requested minimum valuation, a specific valuation, or loan approval.
9. **Appraiser Interest:** The certification shall state that Appraiser has no direct or indirect interest in the property or transaction and/or bias with respect to the parties involved.
10. **Inspection Certification:** The certification shall state that Appraiser has personally inspected the Subject as well as the land, improved sale and rental comparable properties.
11. **Signature Requirements:** All contributing appraisers shall sign the transmittal letter and certification. In addition to license information, signature blocks shall include phone numbers and e-mail addresses.
12. **Approaches to Value:** Unless specifically excluded in the RFP scope, Appraiser shall consider the Cost, Sales Comparison, and Income Approaches to value. An approach may be omitted if in Appraisers judgment, it is not relevant and the reasons for such omission are clearly and reasonably set forth.
13. **Comparable Data Information:** Detailed data sheets, summary tables, and adjustment tables are to be included for land and improved sales comparable properties as well as for rental properties. All comparable properties, and shall be shown on a map that shows their location relative to the Subject. **REQUIRED ON ALL REPORTS**
14. **Adjustment Support:** Appraiser shall provide narrative and/or calculations to support (**as to applicability and magnitude**) for all adjustments made to comparable land sales, improved sales and properties used for market rent determination. **REQUIRED ON ALL REPORTS**
15. **Personal Property / Going Concern Value / Non-Realty Items:** If applicable, the value attributable to any personal property, trade fixtures, or non-realty items shall be separately estimated and segregated from the market value of the real property interest.
16. **Insufficiency of Market Data:** Appraiser may incorporate additional data and analyses within the report to the extent there are limited recent, comparable transactions available to Appraiser to establish a current value for the subject property or support necessary adjustments between the subject and comparable property. Such additional analyses or data shall be adequately described as to method, purpose, and conclusions.
17. **Remaining Economic Life / Insurable Value:** Appraiser shall render an opinion of the remaining economic life and insurable value for all improvements.
18. **Historical Economic Performance:** If applicable and to the extent available, the Appraisal shall include current rent rolls and a minimum of two years of actual income and expense history for the subject property. The appraisal shall also include comparable expense data from reliable industry sources as well as specific expense data from a minimum of three comparable properties.
19. **Engagement Letter:** Appraisal Report must include a copy of the engagement letter. The appraisal report shall be signed by the individual appraiser to whom this engagement letter is addressed as well as other contributing appraisers.
20. **Communication:** All communication between Appraiser and Bank shall be conducted through the Appraisal Department and those specifically designated in the engagement letter.
21. **License Information:** Appraisal shall include a copy of the current license for all appraisers that have contributed to the report. Appraisal shall include a certification made by all contributing Appraisers that their licenses are in good standing and they have not been reprimanded or sanctioned by the licensing or regulatory authorities and are not currently involved in any process that may result in sanctions or reprimands.

### **SERVICE LEVEL REQUIREMENTS**

**Appraiser Service Requirements / Appraisal Delivery Dates**

**Appraiser service requirements include:**

1. Appraiser shall accept the engagement within 1 business day of receiving the ValuTrac assignment notice. Such acceptance is to be made by choosing the Accept option in ValuTrac. The Appraiser and Bank acknowledge the electronic engagement has the same force and effect as a signature document.
2. Appraiser shall schedule the property inspection within 5 business days from the date the engagement letter is issued.
3. Appraiser shall notify \_\_\_\_\_ within five (5) business days from the Acceptance Date if any applicable or pertinent information required for the assignment is not available.
4. Appraiser shall complete the first section of the "Summary" and indicate "YES/NO/NA" and "Page #" on Bank's **Appraisal Review Checklist** (enclosed) and return an electronic (Excel) copy to Bank with the pdf copy of the draft appraisal report. Appraiser agrees the review checklist was part of the request for proposal for this assignment and affirms that, as applicable for this appraisal, the review checklist refers to information and support the Bank desires to see in the appraisal.
5. Bank may have the Appraisal reviewed by its staff or may send a copy of the Appraisal to a third party for review. Appraiser agrees to respond timely to any review questions or comments to Banks designated reviewers.

**Delivery / Performance Dates:**

Appraiser acknowledges the assignment was awarded on the basis of fee and due dates and performance standards listed below:

**Draft / Checklist Delivery Date:** On or before the **Appraisal Due Date** specified in the Order face page, Appraiser shall deliver an electronic first draft of the Appraisal Report (**PDF format**) and the completed **Appraisal Review Checklist** (Microsoft Excel version) to Bank (**The draft file name shall contain street address and Draft #**).

**Review Conditions Response Dates:** Appraiser shall respond to Banks review questions and conditions within two (2) business days of receiving them. Any subsequent drafts of the appraisal issued prior to the final edition shall have the Draft # updated in the file name.

**Final Appraisal Delivery Date:** The final version of the Appraisal in PDF format (**file name should contain Final**) is due within one (1) business day after Appraiser receives Banks final issuance request. The due date for hard copy reports, if required, is five (5) business days after final issuance request.

**Appraiser is obligated to advise Bank immediately if they anticipate not meeting the delivery / performance times set forth above. Appraisers notice shall be made by adding a Note to the ValuTrac file and shall specifically indicate the reason for and length of the delay.**

**Late Fee Penalties**

\_\_\_\_\_ reserves the right to assess late fees at the rate of \$50 per day in the event appraiser fails to meet the Delivery / Performance Dates listed above.

**Appraisal Payment Policy**

\_\_\_\_\_ will only be financially responsible for appraisal assignments engaged directly by it. Payment will be made in accordance with the policies posted on their appraisal website.

**Privacy Compliance**

Appraiser is required to comply with the privacy regulations and information guidelines issued pursuant to Title V of the Gramm, Leach, Bliley Act. By accepting this appraisal order you agree that the confidential information contained in this order is for the expressed purpose of completing the requested appraisal assignment and subsequent disclosure or distribution of the confidential information in this order and in the appraisal is strictly prohibited.

The completed appraisal is property of the client and in no way are you authorized to complete a new assignment or update this assignment for another client without written authorization from the above mentioned client.

If you need assistance please contact the Appraisal Department by posting a note to the ValuTrac file or calling \_\_\_\_\_.

## Experience

Justin Reed, MAI is a Director within CBRE's Upper Midwest Region which includes Minnesota, North Dakota, South Dakota, Iowa and Nebraska. His tenure with CBRE is over 15 years, helping to launch the Valuation and Advisory Services Business within Downtown Minneapolis in 2002.

As a result of a "client first" team-based approach, Justin's team was recognized as being in the top 5% of CBRE North America Valuation for the last seven consecutive years. Justin was also included in "CBRE's Management Team of the Year" for 2017 and has placed in the "Top 10" of US Valuation Professionals multiple years. He actively mentors, volunteers in the local community and is the current President of the Appraisal Institute North Star Chapter.

Clients of all sizes benefit from his long-term relationships within the commercial real estate industry. Best in class technology, unmatched resources for market analysis and a strong team are the cornerstones for providing timely and accurate valuations.

Valuation among all asset types is available. Specialty experience includes hotels, malls, golf courses, country clubs, self-storage, subdivisions, mixed-use properties and new construction.

Prior to joining CBRE, Mr. Reed earned an MBA from the University of St. Thomas and a bachelor's degree from the University of Minnesota's College of Architecture and Landscape Architecture. Previous work experience includes four years in architecture, where he worked for a nationally-recognized developer as well as smaller boutique design firms.
